mentioned in the intro in this video  
0:59  
we're going to be breaking down down and  
1:00  
talking about something very significant  
1:02  
it's a new bill that has been introduced  
1:03  
into Congress that has essentially made  
1:06  
a lot of waves and a lot of people are  
1:07  
talking about it the bill is s 3589 also  
1:11  
known as the preventing private  
1:13  
paramilitary activity Act of 2024 this  
1:16  
bill was introduced by Senator Edward  
1:18  
Marky and it's currently in the Senate  
1:20  
Judiciary Committee for consideration  
1:23  
now like I said this is concerning and  
1:25  
the bill has got a lot of conversation  
1:27  
you've had a lot of people talking about  
1:29  
it and doing videos on it and even  
1:30  
people outside the realm of the Second  
1:32  
Amendment who often don't even talk  
1:33  
about these types of bills you've had  
1:35  
people like uh Mike lover do videos on  
1:37  
it I believe Tim Kennedy did videos on  
1:39  
it and a lot of other trainers and  
1:40

people have been talking about this bill  
1:42  
because how concerning it is the goal of  
1:44  
this bill is to give the government  
1:45  
along with private citizens the ability  
1:47  
to prevent others from being able to  
1:49  
train with Firearms that's right they're  
1:51  
targeting your ability to train and  
1:53  
trying to outlaw it so let's break down  
1:55  
some of the language in this bill and  
1:56  
then we need to talk about how we can  
1:58  
stop this now the general goal this bill  
2:00  
is to make an offense out of people  
2:02  
getting together and training together  
2:03  
with Firearms or other so-called  
2:05  
dangerous items the bill states that it  
2:08  
shall be unlawful to knowingly in a  
2:10  
circumstance described in subsection B  
2:13  
while acting as part of or on behalf of  
2:15  
a private paramilitary organization and  
2:18  
armed with a firearm explosive or  
2:20  
incendiary device or other dangerous  
2:22  
weapon one publicly Patrol drill or  
2:25

engaging techniques capable of causing  
2:27  
bodily injury or death two interfere  
2:31  
with interrupt or attempt to interfere  
2:32  
with or interrupt government operations  
2:35  
or a government proceeding three  
2:37  
interfere with or intimidate other  
2:39  
another person in that person's exercise  
2:42  
of any right under the Constitution of  
2:44  
the United States four assume the  
2:46  
functions of a law enforcement officer  
2:48  
peace officer or public official whether  
2:50  
or not acting under the color of Law and  
2:52  
thereby assert Authority or report to a  
2:54  
certain authority over another person  
2:56  
without the consent of that person or  
2:58  
five train to to engage in any activity  
3:01  
described in paragraphs 1- 4 the  
3:03  
concerning language that a lot of people  
3:05  
are pointing to is actually subsection 5  
3:07  
which indicates that if this bill were  
3:09  
to pass it would be illegal to even  
3:11  
train or practice in a group setting in  
3:13

any way that may include techniques that  
3:15  
are capable of causing bodily injury or  
3:18  
other types of harms to anyone else well  
3:21  
if you really think about that that's  
3:22  
essentially all Farms training of course  
3:24  
when you train with a firearm in a group  
3:26  
setting if you go to a training course  
3:28  
or just train with a bunch of buddies if  
3:30  
you do drills and things like that  
3:31  
obviously the use of a firearm could be  
3:33  
training in a way that's capable of  
3:35  
causing bodily injury and so the broad  
3:37  
application of this language could  
3:39  
Target that type of conduct now the  
3:41  
proponents of this bill claim that there  
3:42  
is Nuance in this bill that they claim  
3:44  
the bill is only targeting towards  
3:46  
private paramilitary organizations and  
3:48  
private militia and things like that but  
3:50  
in this bill the definition of those  
3:51  
organizations are simply any group of  
3:53  
three or more people that have you know  
3:55

some sort of organization or maybe some  
3:57  
sort of structure so again they say that  
4:00  
they have this definition of what those  
4:01  
organizations are but when you look at  
4:03  
the definition it's broad enough to  
4:05  
include just simply any groups of three  
4:07  
or more people that are training or  
4:09  
joining together or have some sort of  
4:10  
structure I think that fact has a lot of  
4:12  
people very concerned especially Farms  
4:13  
training companies that you know have  
4:15  
businesses that are structured in ways  
4:17  
where they of course have three or more  
4:19  
people maybe three or more trainers  
4:20  
where they go out they go to multiple  
4:22  
States they train large groups of  
4:24  
law-abiding people who just want to get  
4:25  
more proficient with Firearms again this  
4:28  
is concerning to not only those training  
4:30  
groups those training companies but also  
4:32  
those private citizens like me and you  
4:34  
who want to go out train and get more  
4:36

proficient with our Firearms now under  
4:38  
this bill what are the circumstances  
4:39  
that will trigger this language and make  
4:41  
your conduct unlawful a travel across a  
4:44  
state line or national border or B the  
4:47  
use of the channels facilities or  
4:49  
instrumentalities of Interstate or  
4:51  
foreign Commerce two involves a firearm  
4:54  
explosive or incendiary device or  
4:56  
dangerous weapon that has traveled in  
4:58  
Interstate or foreign Commerce three  
5:01  
involves the use of ammunition or a  
5:03  
so-called large capacity ammunition  
5:05  
feeding device that has traveled in  
5:07  
Interstate or foreign Commerce B  
5:09  
obstructs delays or effects Interstate  
5:11  
or foreign Commerce or five occurs  
5:14  
wholly within any Commonwealth territory  
5:17  
or possession of the United States again  
5:19  
the triggering conduct that they include  
5:21  
right there is very broad first if you  
5:23  
are training and maybe a training  
5:25

company and you travel across state  
5:27  
lines well that would trigger this  
5:28  
conduct in would be unlawful also under  
5:31  
subsection A2 the fact that you use a  
5:33  
firearm that has traveled in interstate  
5:35  
commerce would also make the conduct  
5:37  
unlawful that would trigger this  
5:38  
language as well because of course if  
5:40  
you're training with a firearm the  
5:42  
likelihood is that that firearm that you  
5:43  
purchased and came into possession of at  
5:45  
some point cross state lines and affects  
5:48  
interstate commerce is what their claim  
5:49  
is also they include magazines as well  
5:52  
so it's not even just the fire itself  
5:53  
that could trigger this language but  
5:55  
it's also the magazines but they even  
5:57  
include even broader catchall language  
5:59  
which simply means that if you train in  
6:01  
a commonwealth or any territory of the  
6:03  
US it also triggers this language and  
6:06  
could potentially make that conduct  
6:07

unlawful so they have that broad  
6:08  
language of Simply being in any  
6:10  
territory of the US could trigger this  
6:12  
language so hopefully you guys see why  
6:14  
so many people are concerned about this  
6:16  
language and this bill the language is  
6:18  
Broad and vague enough that it can be  
6:20  
used to shut down all law abiding people  
6:21  
from being able to train with firearms  
6:23  
and also a lot of training companies are  
6:25  
very concerned about this language under  
6:27  
this bill the penalties for the conduct  
6:29  
that they are prohibiting includes the  
6:30  
forfeiture of that firearm or other  
6:32  
items that you may be using during that  
6:34  
training that means that if enforced  
6:36  
against you your Firearms will be  
6:38  
confiscated along with any potentially  
6:40  
other items that you're using magazine  
6:42  
ammunition belts um you know body armor  
6:45  
any of those items can be forfeited but  
6:47  
on top of that there are also criminal  
6:49

penalties it states that an action that  
6:52  
violates this bill but does not result  
6:54  
in bodily injury can be punishable by no  
6:57  
more than one year imprisonment that's  
6:59  
right right this bill language is Broad  
7:01  
enough to Simply make training  
7:03  
potentially in groups of three or more  
7:04  
people in an organized fashion doing  
7:06  
drills and things like that could  
7:08  
potentially subject people to one year's  
7:10  
imprisonment and if the conduct does in  
7:12  
some way cause bodily injury then that  
7:15  
can be punishable up to 5 years in  
7:16  
prison now outside of just the criminal  
7:19  
aspect of this the very concerning part  
7:21  
of this bill that a lot of people I  
7:22  
think are overlooking is the  
7:24  
enforcement mechanism that's included in  
7:25  
this language essentially the issue is  
7:28  
who can enforce this bill against  
7:30  
private people and these types of groups  
7:32  
well under the language not only can the  
7:34

Attorney General come after you and file  
7:37  
these types of actions but also private  
7:39  
citizens can file civil suits against  
7:41  
you to prevent your conduct and then  
7:43  
also trigger this language the language  
7:45  
states that any person injured as a  
7:47  
result of any violation of section 2742  
7:50  
may bring a civil action individually or  
7:52  
jointly with other grieved persons in an  
7:55  
appropriate District Court of the United  
7:57  
States for preventative relief including  
8:00  
an application for a permanent or  
8:01  
temporary injunction restarting order or  
8:04  
other order or for damages incurred as a  
8:07  
result of any violation of section 2742  
8:10  
including reasonable attorney fees and  
8:12  
costs that language means that this bill  
8:15  
creates a private right of action where  
8:17  
any anti-gun Karen like I mentioned can  
8:19  
bring a civil suit against you or a  
8:21  
training company to shut them down and  
8:24  
prevent their ability to go out and  
8:25

train now advocates for this bill claim  
8:28  
that it's simply targeting towards  
8:29  
private groups private militias or other  
8:31  
organized groups you know that go out in  
8:33  
public with firearms and things like  
8:35  
that but the reality is that this bill  
8:38  
is so Broad and so vague that it touches  
8:40  
way more on just those specific aspects  
8:43  
but even if it were just targeting those  
8:45  
specific aspects those groups which they  
8:47  
are trying to ban are also allowed to  
8:50  
engage in that conduct under the Second  
8:51  
Amendment historically the second  
8:53  
amendment protects private individuals  
8:55  
and their ability to organize together  
8:57  
and to train it build that directly bans  
9:00  
that type of conduct is a clear  
9:02  
violation of the Second Amendment and  
9:04  
that's why this bill must not pass now  
9:07  
with the upcoming election and the  
9:08  
potential unres you know about the  
9:10  
election and things like that popping up  
9:12

I wouldn't be surprised if they're  
9:13  
pushing hard for this bill if they try  
9:15  
to still pass it also I think the  
9:17  
situation in Texas with the border and  
9:19  
multiple private groups heading out  
9:21  
there to try to Aid support in some way  
9:24  
I think that would also make them a  
9:25  
little bit more aggressive on this type  
9:26  
of language because they want to stop  
9:28  
that conduct so so that's the breakdown  
9:29  
of the bill that a lot of people are  
9:31  
talking about that's the legal language  
9:33  
those are some of the broad-reaching  
9:33  
implications some of the nuances about  
9:36  
how this bill is structured please share  
9:38  
this video around so people will know  
9:39  
about what's going on legally with this  
9:41  
bill what are the illegal implications  
9:43  
and so that people are more informed so  
9:45  
they take action against this if you  
9:46  
guys have any questions go and comment  
9:48
